# THANK YOU!

In 2016 your donations helped us to...

**LibreOffice**
The Document Foundation

Support three hackfests in Brussels, Ankara and Turin, to bring developers together
Expand our infrastructure with new file-sharing, survey hosting and education software services

Organise the LibreOffice conference in Brno, with over 100 attendees from around the world

Pay a small team working on release building, documentation, marketing, design and more

Contract a dedicated quality assurance (QA) engineer to handle bug reports

Fund tenders for writing LibreOffice code, and making it easier to understand

Donate today, and let's make LibreOffice even better!
