Description			
Ci-infra bugs are now tracked in redmine. Copied from bugzilla bug #85593 https://wiki.documentfoundation.org/Category:Infrastructure https://redmine.documentfoundation.org/projects/infrastructure https://redmine.documentfoundation.org/issues/1106 ----- Please support flat XML attachments with fodt, fods, fodp, fodg file extensions. Thanks in advance. Related http://ask.libreoffice.org/ question: Add fodp, fodt ... to allowed upload filename extensions for Ask.LibO? - Ask LibreOffice http://ask.libreoffice.org/en/question/30945/add-fodp-fodt-to-allowed-upload-filename-extensions-for-asklibo/			

History

#1 - 2015-02-19 21:10 - Robinson Tryon

(FWIW, looks like we can upload FODT to redmine, so we should be all good with this tool)

#2 - 2015-05-31 23:59 - Dennis Roczek

- *Category set to Wiki*

- *Assignee set to Dennis Roczek*

will check tdfwiki next week...

#3 - 2015-06-02 11:32 - Dennis Roczek

- *Category changed from Wiki to AskLibO*

- *Assignee deleted (Dennis Roczek)*

OK, resetting ticket to Askbot.

File extensions were already allowed in TDFwiki, but added them for the helpwiki, too. (although nobody has access to it. ;-)
