Can you point me at what exact language needs to be included in the wiki page? The bug is kind of unwieldy ;)

#2 - 2018-08-19 10:28 - Heiko Tietze

The primary wiki pages (links on top) are in English. We changed a lot regarding fonts in 6.x and should be included. And this work never ends, see tdf#79022.

#3 - 2019-03-02 03:32 - Adolfo Jayme Barrientos

I've now updated the page a bit and made it translatable via [\[\[Special:PageTranslation\]\]](#).
