### Description

Each answer has its individual link, like

https://ask.libreoffice.org/en/question/120322/possible-bug-in-addition-of-formula-result-if-result-is-blank/?answer=120378#post-id-120378

When visiting that link, it is expected that you see the answer directly. That does not work.

### History

- Assignee set to Evgeny Fadeev

Evgeny, is this a bug? ;-)

**#2 - 2020-04-27 05:35 - Evgeny Fadeev**

This works, can be closed.

**#3 - 2020-04-27 07:23 - Samuel Mehrbrodt**

Still doesn't work for me.

Clicking https://ask.libreoffice.org/en/question/120322/possible-bug-in-addition-of-formula-result-if-result-is-blank/?answer=120378#post-id-120378 does not scroll to the bottom so that the answer is directly visible.

- Status changed from New to Closed
