Create dummy pillar data with which to test

Some Salt states fail to run in the test suite because Pillar data is not accessible. Creating a basic set of dummy data for Pillar would allow the tests to run.

History

#1 - 2020-06-18 15:28 - Guilhem Moulin
   - Assignee set to Guilhem Moulin

#2 - 2020-08-04 18:12 - Florian Effenberger
   - Target version set to Q1/2021

   Not urgent, mostly infra-internal

#3 - 2021-09-14 01:51 - Guilhem Moulin
   - Target version changed from Q1/2021 to Q1/2022

   Nice to have so infra contributors have something put their teeth while onboarding.
