Encourage / help local events in 2021

Situation was shortly discussed in today's BoD meeting - with Paolo Vecchi, Emiliano Vavassori and me in the Board's "oversight group for events".

- Organizing events often is hard, suffering from restrictions due to Corona-measures
- Having less events, is a threat to local groups, to our community
- So what can we do...
  
1. Find local groups that do something, or are trying to do that
2. Offer support
   1. mentally
   - means time to write and call
   2. extra budget for suitable location/accommodation
   - only money
   3. find the best digital tooling for (partly) digital events
   - mostly money only
3. Showcase the results

History
