Description
To reflect the changed membership composition, shortly after the beginning of each quarter, tdf-members@ needs to be propagated with the new subscriber list.

NOTE: Don't confuse with tdf-membership@ mailing list

- MC will have their meeting and send draft notes
- Sophie and Florian will prepare the paperwork
- MC will send a list of e-mail addresses, containing all current subscribers
- all subscribers need to be removed via the web interface (remember to disable notification)
- the current subscriber list needs to be added via the web interface (disable notification again)
- e-mail Sophie, so she can follow-up to the new members on the list

Something for Guilhem to handle in the future, as he has admin access to the list
The due date can slip to a bit later than the 10th of each quarter, best is to sync with Sophie on the status quo in time

As for the sanity checks:
188 current members
- 2 removed
+ 3 added
+/- 27 renewed = 189 total
